The organization of these trips is made by iNMSOL in collaboration with a professional agency, specialized in this kind of activities (excursions and cultural tours).

Accommodation

People we choose as a host family are totally reliable and with experience on it. Their relationship with the students is really homely to help the student to feel integrated in the Spanish life.

The week's stay begins on the Sunday before the start of the course and ends on the Saturday just after the end of it. It's necessary to pay extra nights coming or leaving on different days. The accommodation is in a double room, full-board. Families will keep in touch with the school in case of problems. The student has to respect the family's uses, the mealtime and the time to go back home in the night (curfew). This time can't be change for any reason except for the organization of activities by the school; in this case the school will inform the families.

The students organization in the different families will be done according to their special needs, like allergies, feed uses and any other information given to the school. Parents will get the family address in advance and a brief description about it. The Spanish families will receive all the information about the students, too.

Supervisor during the course

The course includes a monitor throughout the course, who will supervise the student's stay and address any problems that may arise during their stay, in addition to ensuring attendance at all classes and scheduled activities. Also a number for **emergencies 24 hours**.
